COMMITTEE ON
TRANSPORTATION & INFRASTRUCTURE
CHAIRMAN,
WATER RESOURCES AND
ENVIRONMENT SUBCOMMITTEE

Congress of the United States House of Representatives

March 24, 2023

Dear Chairwoman Granger and Ranking Member DeLauro:

I am requesting funding for the Surf City Wastewater Equalization Basin Expansion in fiscal year 2024. The entity to receive funding for this project is the Town of Surf City, North Carolina located at 214 W. Florence Way Hampstead, NC 28443 P.O. Box: 2475. The funding would be used to double the size of their wastewater treatment equalization basin.

The project is an appropriate use of taxpayer funds because it would allow the town to execute their next phase of wastewater treatment plant expansion to meet the influx of population projected, allowing this portion of the treatment plant to meet the needs of their community. The population growth and inflation nationwide has placed an extreme strain on the town's ability to expand the sewer system to accommodate their growth.

The project has a Federal nexus because the funding provided is for purposes authorized by Title VI of the Clean Water Act, 33 U.S.C 1381 et seq.

I certify that I have no financial interest in this project, and neither does anyone in my immediate family.

Sincerely,

David Rouzer

Member of Congress

Rouzu
